MASSAGE

At About YU, massage is more than relaxation—it is ritual, recalibration, and renewal. Each session is tailored to your body's needs, drawing on Swedish, deep tissue, Thai, and Ayurvedic techniques, blending modern science with timeless traditions to create a restorative effortless experience.

From tension release and muscle alignment to circulation stimulation and mindful touch, every movement is precise, intentional, and responsive. Expert hands combined with soothing oils transform each moment into calm, while physical relief and mental clarity are harmonised.

As a complement to our wellness offerings, every massage leaves the body lighter, the mind calmer, and the spirit restored. Each session is a considered ritual of care, refinement, and attention designed entirely around you.

Forget functional—waxing at About YU is a beauty ritual.

We use only premium formulas, from soothing hot wax to precision strip wax, chosen to be as gentle as they are effective.

Our therapists are trained to work with speed, accuracy, and care, so even intimate waxing feels refined, not rushed.
